

U.S. Pharmacopeia
The Standard of Quality™

Landscape of Counterfeit Drugs Worldwide

Presentation: Impact of Globalization on Supply Chain Management

Wednesday, September 23, 2009, 10:30 am to 12:30 pm

Author: Marv Shepherd, Ph.D.

Affiliations: University of Texas at Austin

Center for Pharmacoeconomic Studies, College of Pharmacy

President, Partnership for Safe Medicines

Austin, TX

This program will present information on the spread of counterfeit drugs across the world. It presents information as to incidence of counterfeit drugs and drug diversion by region and country. The presentation will highlight the types of drug being counterfeited by region and the most popular dosage forms. The presentation explores some of the vulnerabilities of the U.S. drug distribution system and will give common examples of how counterfeit drugs have entered drug distribution systems worldwide. Finally it will explain the role internet pharmacies are playing in the distribution of fake drug products.
