USP Annual Scientific Meeting—General

Tuesday, September 22, 2009

Adulteration and Contamination: Technologies of the Future

- Global Initiatives*
- Spectral Identification*
- Packaging Technologies*
- Excipient Technologies*
- Advanced Imaging/High Resolution Photography*
- Surveillance*

Wednesday, September 23, 2009

Opening Session Canadian Food and Drug Regulation,
Including the Foods Directorate, Therapeutic Products Directorate,
and others

ASM: Quality of Food Ingredients Track

Wednesday, September 23, 2009

***International Food Ingredient Safety Issues Workshop:
Adulteration from International Perspectives***

Thursday, September 24, 2009

GMPs

- *Compare/Contrast Food, Dietary Supplement and Drug (Excipient) GMPs*
- *Supply Chain Integrity*
- *Reference Materials*

Functionality

- *Botanicals*
- *Probiotics and Prebiotics*
- *Nanotechnology Derived Ingredients*
- *Designer Ingredients*

Next Steps, cont.

Another Workshop??
