
INTERIM REVISION ANNOUNCEMENT

In this section readers will find the following:

- The list of new USP Reference Standards that have become available
- The list of assays or tests that are adopted but held in abeyance pending availability of required USP Reference Standards
- Newly adopted (official) revisions to the *USP–NF* that become official before the official date of the next *Supplement* or that were not ready for adoption by the closing date for the upcoming *Supplement*. (The official date for these revisions is stated on the next page.)
- Errata

Readers should review this section to determine if they are affected by any of the changes.

Symbols—New text is enclosed in symbols and set off from the current official text as shown in the following example:
•new text•

Where the symbols appear together with no enclosed text, such as ••, it means that text has been deleted and no new text was proposed to replace it. In all revisions, the closing symbol is accompanied by an identifier that indicates the issue of a given *PF* volume.

Errata—Errata are considered to be text, erroneously published in the *USP–NF* or its *Supplements*, that does not accurately reflect the intended official requirements of the Council of Experts. Beginning with *PF 35(2)*, Errata will be published both in the *Pharmacopeial Forum* and on the usp.org website. At the end of the *Interim Revision Announcement* section in this publication is a list of errata and corrections to *USP 32–NF 27*. The page number indicates where the item is found in *USP–NF*. Errata are updated as necessary in each *Pharmacopeial Forum* issue and also appears on USP's website (www.usp.org). This information will also be cumulative in future *Supplements*, and will appear in its corrected form in the next annual edition of *USP–NF*.

New USP Reference Standards

The following USP Reference Standards, which were not available when the associated monograph was made official, have since become available. The respective official date of each *USP 32* or *NF 27* standard, test, or assay requiring the use of the following USP Reference Standards is indicated in parentheses after the name of the Reference Standard. Note that the official date is in parentheses.

USP *S*-Adenosyl-L-homocysteine RS (March 1, 2010)
 USP Fludeoxyglucose Related Compound B RS (May 1, 2010)
 USP Alpha Lipoic Acid RS (March 1, 2010)
 USP Lypressin RS (March 1, 2010)
 USP Oleate RS (September 1, 2010)
 USP Propylene Glycol Dilaurate RS (May 1, 2010)
 USP Valrubicin RS (March 1, 2010)
 USP Vasopressin RS (March 1, 2010)

USP Acarbose RS
 USP Acarbose System Suitability Mixture RS
 USP Albumin Human RS
 USP Alteplase RS
 USP Amifostine RS
 USP Amifostine Thiol RS
 USP Antithrombin III Human RS
 USP Aprotinin RS
 USP Aprotinin System Suitability RS
 USP Copolymer Polypropylene RS
 USP Diethylstilbestrol Diphosphate RS
 USP Powdered *Echinacea pallida* Extract RS
 USP Eucatropine Hydrochloride RS
 USP Gonadorelin Hydrochloride RS
 USP Hemoglobin RS
 USP Maritime Pine Extract RS
 USP Menotropins RS
 USP Sargramostim RS
 USP Sincalide RS
 USP Valrubicin Related Compound A RS

Unavailable First-Time Official USP Reference Standards

The official dates of any *USP 32* or *NF 27* standards, tests, or assays requiring the use of the following new USP Reference Standards are postponed until further notice pending availability of the respective Reference Standards. This listing was updated as of December 30, 2009. Please refer to the current USP Catalog for a more up-to-date availability list. The USP Catalog can be accessed online at <http://www.uspcatalog.com>.
