CORRECTION OF SIGN-OFF COVER SHEET

Q-01 DISSOLUTION

(Correction of the Sign off cover sheet Rev 3, signed 10 June 2010)

Table of terminology corrected:

The terminology used to describe the dosage forms has not been harmonised. The following terminology equivalency table is given to aid understanding of the sign-off text.

| USP                            | Ph.Eur.                                 | JP                          |
|--------------------------------|-----------------------------------------|-----------------------------|
| Immediate-release dosage forms | Conventional release solid dosage forms | Not described               |
| Modified-release dosage forms  | Modified-release dosage forms           | Not described               |
| Extended-release dosage forms  | Prolonged-release solid dosage forms    | Not described               |
| Delayed-release dosage forms   | Delayed-release dosage forms            | Enteric-coated preparations |

*For previous revisions and residual differences please also see revision 3 signed-off 10 June 2010.*
