SHIPPING

• USP does not ship any products to post office boxes. Please include a street address or your order will not be delivered.
• International customers are responsible for paying all customs duties, taxes, and tariffs levied for importation of USP products.
• Customers can request rush order handling for an additional US$75.00 charge (restrictions apply).
• Customers can choose their own carrier preference by giving USP their DHL, (international shipments only), UPS or FedEx account number, for eligible items.
• USP will select the most appropriate carrier and least expensive method to ensure expedited delivery. Surcharges may apply.

SHIPPING CARRIERS
USP uses FedEx as its default carrier because we have negotiated favorable shipping rates with FedEx, which we pass on to our customers. However, we use alternative carriers for locations to which there is no FedEx service.

**SPECIAL INSTRUCTIONS FOR INTERNATIONAL CUSTOMERS**

- **Ordering direct from USP or an Authorized Distributor is the fastest method to get results**: Using product resellers, such as book or chemical supply houses, can add up to eight weeks to your order fulfillment time. Typically, USP processes orders for all our customers within two business days. USP cannot control how long a reseller keeps your order before giving it to USP for processing or how long it holds the product before passing it along to you.

- **Apply for credit terms with USP**: Having credit terms allows you to place orders using your company purchase order and pay once you get USP’s invoice. See “Sending Your Order – Step #3 for details.

- **If you prepay, please use an authorized credit card**: USP accepts Visa, Master Card and American Express. **DO NOT send checks or wire transfers for prepaid orders**. See “Sending Your Order – Step #3 for details.

- **If you prepay, get an official USP price quote before ordering**: Having an official USP price quote allows you to arrange payment with the security of knowing the price will not change for 30 days.

- **Customs clearance**: USP does not offer customs clearance services. We suggest that you arrange for a customs broker to facilitate clearance or allow FedEx to clear customs for you. Customs clearance is often the longest part of your product delivery time. Customers are responsible for paying all customs duties, taxes or tariffs levied for bringing USP products into their country.

- **Language**: USP has a diverse workforce. If you have trouble communicating in English, please ask your Customer Service Representative to find a USP employee who speaks your language. USP Customer Service has English, Spanish, German, Italian, Arabic, French, Mandarin Chinese, Hindi, Urdu, Bangla, Punjabi, Russian and Korean language speakers on staff.

- **Problems or issues**: USP has regional account managers who can support your product inquiries, technical questions or general information needs in addition to those listed above.
