SPECIAL INSTRUCTIONS FOR INTERNATIONAL CUSTOMERS

- **Ordering direct from USP or an Authorized Distributor is the fastest method to get results:** Using product resellers, such as book or chemical supply houses, can add up to eight weeks to your order fulfillment time. Typically, USP processes orders for all our customers within two business days. USP cannot control how long a reseller keeps your order before giving it to USP for processing or how long it holds the product before passing it along to you.

- **Apply for credit terms with USP:** Having credit terms allows you to place orders using your company purchase order and pay once you get USP’s invoice.

- **Please use an authorized credit card:** USP accepts Visa, MasterCard and American Express. **DO NOT send checks or wire transfers for prepaid orders.**

- **Customs clearance:** USP does not offer customs clearance services. We suggest that you arrange for a customs broker to facilitate clearance or allow FedEx to clear customs for you. Customs clearance is often the longest part of your product delivery time. Customers are responsible for paying all customs duties, taxes or tariffs levied for bringing USP products into their country.

- **Language:** USP has a diverse workforce. If you have trouble communicating in English, please ask your Customer Service Representative to find a USP employee who speaks your language. USP Customer Service has English, Spanish, French, Mandarin Chinese, Hindi, Urdu, Bangla, Punjabi, Hungarian, Greek, and Korean language speakers on staff.

- **Problems or issues:** USP has regional account managers who can support your product inquiries, technical questions or general information needs in addition to those listed above. Click here to view USP Account Management Team.
