

# USP Proficiency Testing (PT) Program

- Helps customers meet ISO and regulatory guidelines
- Provides objective evidence of the laboratories' abilities to perform compendial tests
- Unbiased assessment of critical and measurable properties of analytical testing
- High quality fit-for-purpose materials for both quantitative and qualitative test performance

## New PT Panel Studies available in September 2022

PT Panel testing allows a participant to conduct multiple studies using one material, as compared to other PT tests that include only one study per sample.

## New PT Studies available in September 2022

USP PT Program has expanded offerings to include studies that support the biologics, supplement and additional microbiologic industries.

## Studies currently available in 2022 / 2023

USP PT Program provides routine and on-demand studies in both pharmaceutical and microbiologic industries. We offer over 40+ studies based on USP General Chapters, monographs and harmonized methodologies.

\*Studies, quantities and prices subject to availability.

# USP Proficiency Testing Program

Proficiency testing schemes based on trusted USP standards

## Study Dates

**Study PH-0922** - Sept 19- Nov 18, 2022 **Study PH-0123** - Jan 16- Mar 17, 2023  
**Study PH-0523** - May 15- Jul 14, 2023

Product #	General Chapter	Description	Quantity	Price*
PHPT-001	<621>	Chromatography HPLC - Liquid	3 x 5mL + CRM	\$220.00
PHPT-002	<621>	Chromatography HPLC - Solid	3 x 1 grams + CRM	\$220.00
PHPT-003	<621>	Chromatography GC - FID	3 x 1.5mL + CRM	\$291.50
PHPT-004	<541>	Titration - Potentiometric	2 x 0.5 grams	\$249.70
PHPT-005	<541>	Titration - Colorimetric	2 x 0.5 grams	\$249.70
PHPT-006	<644>	Conductivity	2 x 10 grams	\$199.10
PHPT-007	<281>	Residue on Ignition	2 x 2 grams	\$116.60
PHPT-008	<905>	Uniformity of Dosage Units	30 tablets + CRM	\$227.00
PHPT-009	<791>	Potential Hydrogen - pH	2 x 6 grams	\$184.80
PHPT-010	<197U>	Spectroscopy - uv/vis	3 x 1 grams	\$109.89
PHPT-011	<921>	Water Determination - Liquid	2 x 5 mL	\$180.00
PHPT-012	<921>	Water Determination - Solid	2 x 1 grams	\$180.00
PHPT-013	<731>	Loss on Drying	2 x 2 grams	\$165.00
PHPT-014	<831>	Refractive Index	3 x 1.5 mL	\$178.20
PHPT-015	<62>	Microbiological Examination	5 vials + 5 x 10 grams matrix	\$213.40
PHPT-016	<467>	Residual Solvent - Solid	(3) 2 x 1.5mL Per Class + 1g matrix	\$300.00
PHPT-017	<467>	Residual Solvent - Liquid	2 x 1.5 mL	\$300.00
PHPT-018	<781>	Optical Rotation	3 x 1 grams	\$195.00
PHPT-019	<233>	Elemental Impurities	2 x 5 grams	\$195.00

\*Studies, quantities and prices subject to availability.

**Study PH-0922** - Sept 19- Nov 18, 2022 **Study PH-0123** - Jan 16- Mar 17, 2023

**Study PH-0523** - May 15- Jul 14, 2023

Product #	General Chapter	Description	Quantity	Price*
PHPT-020	<621>	Chromatography UPLC - Liquid	3 x 1 grams + CRM	\$220.00
PHPT-021	<71>	Sterility	10 vial kit	\$229.90
PHPT-022	<61>	Microbial Enumeration	2 x 2 vials	\$227.00
PHPT-023	<197>	Spectroscopy - FTIR	3 x 1 grams + CRM	\$178.20
PHPT-024	<51>	Antimicrobial Effectiveness Testing	14 vial kit	\$523.00
PHPT-025	<60>	Microbiological Examination of nonsterile product testing for Burkholderia Cepacia Complex (BCC)	5 vials	\$1,320.00
PHPT-026	<621>	Chromatography - GC-ECD	3 x 1.5mL + CRM	\$396.00
PHPT-027	<797>	Pharmaceutical Compounding Testing - Sterile Preparation - Bacterial	5 vials	\$1,650.00
PHPT-028	<797>	Pharmaceutical Compounding Testing - Sterile Preparation-Fungi	5 vials	\$1,650.00
PHPT-029	<621>	Chromatography - Assay via HPLC (Solid dosage formulation)	30 Tablets + CRM	\$396.00
PHPT-030	<701>	Disintegration - (Solid dosage formulation)	15 Tablets	\$396.00
PHPT-031	<711>	Dissolution - Assay via uv/vis (Solid dosage formulation)	30 Tablets + CRM	\$396.00
PHPT-032	<81>	Antibiotic - Microbial Assay (Potency)	1 vial	\$350.00
PHPT-033	<85>	Bacterial Endotoxin - BET in association with GC <161>	1 vial	\$1,200.00
PHPT-034	<761>	Nuclear Magnetic Resonance - NMR	1 vial	\$396.00
PHPT-035	<2021>	Supplement - Microbial Enumeration	4 vials	\$227.00
PHPT-036	<2022>	Supplement - Microbiological Procedures for Absence of Specified Microorganisms	2 x 1 grams	\$213.40
PHPT-037	<2023>	Supplement - Microbiological Examination of Nonsterile Products	2 x 1 grams	\$1,320.00
PHPT-038	<795>	Pharmaceutical Compounding	10 vial kit	\$1,650.00
PHPT-039	<61/62>	Pharmaceutical Product (Suitable for Bioburden)	14 vial kit	\$420.00
PHPT-040	<736>	Nitrosamine Impurities Detection in association with GC <1469>	1 vial	\$275.00
