Stakeholder Forum Progress and Achievements

Ahalya Wise
Director – Chemical Medicines, USP
October 18, 2018
Agenda

- Projects and success stories
- Future plans
Projects and Success Stories

- General Chapter Prospectus
  - Preview of chapter revision
  - Seek early input from stakeholders
  - Some success; it helps to promote these in key venues and to specific SMEs

- Commitment to Up-to-Date
  - Participation in the revision process (specifications, supporting data, comments)
  - Continuous improvement in outreach efforts and feedback; richer conversations
  - Develop solutions to challenges; address questions and concerns
Projects and Success Stories

- Reinstated General Notices Project Team
  - Discuss upcoming revisions
  - Analyze, comment, advise

- Developed Packaging Working Group
  - Collaboration between Industry, FDA and USP
  - Discussions about implementation timeline
Projects and Success Stories

- Customer Advisory Board
  - Recommendations on new online publishing platform
  - Opportunities to address challenges, develop solutions
  - Sounding board for new ideas
Future Plans

- Submitting comments to PF proposal
  - New functionality in development
  - Streamlined comments
  - Improved interactions
  - Enhanced transparency

- Consequential Standards
  - Crossfunctional team in USP to review consequential standards
  - Identify and engage stakeholders, determine timeline, evaluate impact, communicate, evaluate risks/develop solutions
Thank You

Empowering a healthy tomorrow
